

**The Sun That Never Set**

*Shaykh Sulaiman Moola*

ISBN: 978-0988147416

This book draws practical lessons from the example of Allah's Messenger (peace be upon him). Insha - Allah, by emulating the Prophet's noble legacy and that of the Companions — the men and women he nurtured — we are certain to find solutions to life's challenges.

We have a sun, and the horizons have a sun.  
My sun [the Prophet] rises after nightfall.  
The suns of the ancients have set, while our sun  
Will always be above the high horizon and will never set.

— ‘A’ishah (may Allah be pleased with her)
